

April 28, 2009

Dear Employee:

St. Anthony employees are united by our dedication for helping others. We show **compassion** for our patients and treat them with **respect**. We strive for **excellence** and are responsible for the **stewardship** of our resources. We embrace our **community** and opportunities to reveal the healing presence of God in our work. These are the values Saints was built on, and they are characteristics that unite us as the St. Anthony family. We are all connected, and when we reach out to help one person, we influence the entire community.

The 2009 Employee Giving Campaign is officially underway and we ask all of you to show your support. As members of the St. Anthony family, we are all an important part of the Employee Giving Campaign, and the campaign is equally important to us. A successful campaign not only directly benefits patient care, but it shows that our family of employees is proud of the exceptional healthcare we provide, and we are confident in the future of Saints.

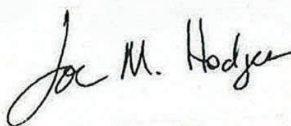

Supporting the Foundation supports St. Anthony. Last year, more than \$108,000 was raised through employee gifts, and these dollars went to 18 funds that directly impact patient care and employee support. In all, the Foundation granted \$1,587,344 to St. Anthony in 2008. We know that the economy has changed dramatically, but you'd be amazed at what a difference your gift can make. The Foundation makes it easy to make your gift through a payroll deduction plan, and every gift goes a long way in continuing our extraordinary care.

Please join us in supporting the campaign by donating today.

Sincerely,

Chris Howard
President
SSM Health Care of Oklahoma

Joe Hodges
President
St. Anthony Hospital

Give a gift today. Pledge form is on reverse of document.
